

Technical Fact Sheet

Product:

Packaging: 5 lb tub (2.27 kg) - 4 tubs per case
20 lb bucket (9.09 kg)

Ingredients: Ground Kelp, Calcium Carbonate, Dicalcium Phosphate, Magnesium Oxide, Zinc Methionine Complex, Zinc Lysine Complex, Manganese Methionine Complex, Copper Lysine Complex, Iron Methionine, Dried Lactobacillus acidophilus fermentation product, Dried lactobacillus lactis fermentation product, Dried Lactobacillus casei fermentation product, Dried Streptococcus diceptylactis fermentation product, Dried Bifidobacterium bifidum fermentation product.

Directions for Use: Mares and foals: one (1) scoop per day in feed.

Horses in training or competition: two (2) scoops per day in feed. **(SCOOP PROVIDED)**

Features: **SEA-PLEX** contains the most complete blend of macro and micro-nutrients available for your horse. By combining a special blend of nutrient-rich kelp with bio-available organic trace minerals, **SEA-PLEX** replenishes those nutrients that have been eroded and leached from our soils. Furthermore we have formulated a special blend of equine specific probiotic organisms to aid in the digestion and absorption of the vital nutrients. See the typical analysis below:

Typical Analysis, Per Pound

Calcium	5.25%	Cobalt	4.7 mg/lb
Phosphorus	3.6%	Manganese	1340 mg/lb
Magnesium	2.9%	Zinc	1700 mg/lb
Potassium	2.15%	Selenium	.16 mg/lb
Sodium	3.50%	Iodine	230 mg/lb
Sulfur	1.30%	Molybdenum	6.1 mg/lb
Iron	1200 mg/lb	Chromium	2000 mcg/lb
Copper	1070 mg/lb
